02. PILLOW PROTECTORS

Beds are a prime habitat for the house mites. A typical used mattress may have anywhere from 100,000 to 10 million mites inside (Ten percent of the weight of a two year old pillow can be composed of dead mites and their droppings.). Mites prefer warm, moist surroundings such as a wet pillow due to perspiration. Gentle pillow protectors enhanced with breathable and waterproof polyurethane membrane keep the pillow away from the mites and breathable polyurethane lamination also keeps the pillow dry for a comfortable and healthy sleep.

03. ANTI-ALLERGY COVERS

House dust mites are microscope bugs that primarily live on dead skin cells regularly shed from humans and their pets. Dust mites are harmless to most people. They don't carry diseases, but they can cause allergic reactions in asthmatics and others who are allergic to their feces. Depending on the person and exposure, reactions can range from itchy eyes to asthma attacks. Genuğ's range of anti-allergy fully Anti Dust Mite enclosed mattress covers provide ultimate protection against allergy causing bacteria and dust mites. Our anti-allergy covers are enhanced with breathable, waterproof polyurethane membrane and Sanitized® silver protection leaving no chance to dust mites and bacteria.

The natural anti-bacterial effect of silver against a broad range of bacteria is undisputed and scientifically proven. It damages the cell membranes of bacteria and inhibits their growth. In addition, it hinders the reproduction of the bacteria responsible for odor development. Sanitized® Silver has washing resistance of up to 100 cycles at 60° Celsius.

04. BABY CARE PRODUCTS

Traveling with your baby is not the easiest thing in the world. Whether you are trying to catch your plane or simply enjoying a sunny day in the park, your baby's needs cannot wait. Gentug offers simple and effective solutions to make diaper changing cleaner and safer regardless of where it needs to be done. We offer two sets of diaper changing mats you can take anywhere in your bag.

Softly Padded Absorbent Baby Changing Mat

Our softly padded, absorbent Baby Changing Mat offers the comfort and full protection you need while changing your baby's diaper. Due to the technical fibre composition; the surface of the pad dries very fast and highly absorbent fibers in the soaker layer lock the unwanted liquids inside. Our changing mat is completely waterproof and breathable. With the heavily padded head piece your baby will be safe and comfortable. You can roll it up and easily fit it in your bag.

Flanel Breathable&Waterproof Protection

Our flanel changing mat is made of 100% cotton fibres. It is soft, waterproof, breathable and when folded only as big as your purse. You can change your baby's diaper with great comfort and confidence knowing your baby and surrounding s will be dry and clean.
